LITERARY NOTES.

' Mr. Howells's new novel has been welcomed with such enthusiasm that a new edition of the February

Century has been necessary. Mr. Julian Hawthorne's new novel, "Dust"story of English society at the beginning of this century-will shortly be brought from the press of Fords, Howard & Hulbert. It has been published as a serial in The Continent.

Dr. Holmes, Mr. Whittier and other preminent men have written letters of protest against the vulgarization of Niagara, and these appear in the current number of Cuting. This magazine has many attractions for the lovers of nature and of sport by wood and stream.

The Rev. W. H. Channing declares Edwin Arnold to be an astonishingly productive writer and notes that it was only last May that he began to compose his recently published series of poems on the Ninety-nine Beautitul Names of Allah." book he completed, copying it out and illustrating it with Arab texts in blue and crimson characters, during his summer vacation.

Many of the new valentines prepared by L. Prang & Co. are delicately pretty in design and sentiment. Miss Fidelia Bridges, perhaps, has been most successful in her work, her tiny birds and light wreaths having a sort of poetic and fairy-like grace. There has of late years been a great improvement of quality of verse bestowed upon pictured valentines, the makers having begun to realize that loveliness as well as convenience should be consulted in the selections. Most of the rhymes of these new valentines are quaint and graceful. The largest of all these coquettish messengers was prepared by the Paris artist J. Aubert and is scented, be-ribboned and brightened by the portrait of an auburn-haited lass of fabulous beauty.

New Unblications.

NOW READY.

INDEX TO THE NEW-YORK DAILY TRIBUNE, 1882.

The Events of the Year 1882 as given in the columns of The Daily Tribune, arranged under Topical Heads.

Also.

A Summary of Events, giving the World's History during

1832 in brief. Useful alike to the Man of Business, the Stu-dent, and the general render.

Price 50c. Malled on receipt of price. Address THE TRIBUNE,

Bearding School of the highest grade, whose three-fold, and scrupulously followed, isto mould, at an early age, intellect of youth by science, the will by obedience, and feelings by religion, never separating these three great justices, instruction, discipline, religion, while fitting for error profession.

equisites, instruction, discipline, fedgos, wery profession.
Situated on Washington Heights, about ten miles up the Budson, it's reached by the Sixih Avenue Elevated Road to 55th-st. Carriages are always in waiting, or, by timely notication, the superintendent meets the arrival of any train. A more beautiful and healthy place—on an enhence commanding the most designful scenery—or more attractive surveinings, are not found along the for-tamed banks of the Hudson. Its buildings are unusually homelike.

There are forty acres of land attached to it, shaded, and increacted by oak groves, affording ample space for play-frounds. French, German and Spanish spoken.

BUFFALO TRUNK SEWER.

PROPOSALS FOR WORK.

missioners office, City Hall, Buffalo, N. Y., for executing the work hereunder mentioned, the same being the construction

The construction of a trunk sewer from Albany street to the intersection of the Mill Racc sewer in Seneca street at Hy-draulic street, being a total length of less than 24,000 feet. Also, flushing talets from the Main and Hamburg Canal and tenances of the work.

The drameter of the main sewer throughout the principal part of its length will be 8 feet. About 2,600 feet of the sewer will be built in tu The estimated quantity of brick to be laid is about

Plans and specifications for the work, as soon as comple

BUFFALO TRUNK SEWER.

SEALED PROPOSALS will be received at the Park Commissioners' office, City Hadi, Buffalo, N. Y., for furnishing the
materials hereunder mentioned, to be used in the construclem of the Buffalo Trunk Sewer, until 12 octook, note, on
wednesday, the 14th day of February, 1883, and opened immediately thereafted. The materials required are as follows:
Newer bricks
American hydraulic cement, but to exceed 50,000 barrels.
From castings not to exceed 100,000 barrels.
Dated 24th of January, 1883.
The Board of Sewer Commissioner of the City of Buffalo. The Board of Sewer Commissioner of the City of Buffalo,

PROPOSALS are invited for the printing and binding of one thousand catalogues of unclaimed goods, same to be furnished to this office on or before February 19, 1883. Particulars furnished at this office.

W. H. ROBERTSON, Collector.

MINES AND MINING.

At the Mining Stock Exchanges business was dull all last week and prices were feverish and unsettled. Leadville shares generally were strong. The Comstocks lost more than the amount of the preceding week's advance, and prices for the miscellaneous stocks generally yielded. Yesterday's markets were more than usually active. Sonora Consolidated rose from 15 to 25@20 cents, with a large amount of transactions, and Elko was a feature of the day at 14 to 8@10 cents. Sterra Grande was steady at 2.60@2.65, Robinson was better at 115, and Chrysolite was lower at 1.40. Hall-Anderson rose to 1.75.

CLOSING PRICES OF CALIFORNIA STOCKS. San FRANCISCO, Saturday, Feb. 3, 1883,

The Navajo Mining Company has declared a divi-SAN FRANCISCO, Feb. 4.—The market closed demoralized throughout the entire list but especially so for Comstock shares. The break in the Comstocks, together with large selling orders from the East, caused a heavy decline in Navajo, the principal owners of which, having knowledge of the movement, flued to support the stock. The news received detailly from the mine is of the most favorable character.

Late reports make the Norcross-avage development of no importance. Experts John Kelley and Charles Foreman, with others, visited the Norcross drift has Friday and report that the ore seams are small and of low grade.

It is expected that the starting of the Union Consolidated complications of the North End mines.

The usual buildon shipments were made last week from he leading mines.

Savage has been assessed 50 cents per share.

Navajo and Standard Consolidated have each declared a dividend of 25 cents per share. IBY TELEGRAPH TO THE TRIBUNE!

New-York on Saturday from the mines, making a total for the week of \$204,696.25.

The total sales of mining specias in New-York last week are officially reported by the two exchanges at 475,057 shares.

The Holyoke Mining Company has declared its fifth dividend of 2 per cont on its capital stock payable February 12. Fransfer books close February 6 and reopen February 13.

the week before. The total sales at the three Petroleum \$2.285,925 less than it was a year ago. And the re- Co & Co & Co. See than 2 week week serve now shows a surplus of \$7.340,050.

New York Petroleum Exchange .

The refined petroleum market was quiet and steady throughout the week, siter a loss of ¹s cent, in sympathy with the downward reaction in crude oil, at 73c, for 110° test, and 77gc. Abel test.

THE MONEY MARKET.

SUNDAY, Feb. 4-P. M.

The Custom House returns of the foreign move nents of merchandise last week make a comparison with the movements of the week of 1882 which is faverable to the port, but compared with the week of 1881 the figures are not satisfactory. The imports for the week were valued at \$8,392,881, which is \$450,561 less than the imports for the week of 1882 and \$3,133,687 greater than for the week of 1881; the exports last week were valued at \$7,344,715, and that sum is \$827,406 more than the exports for the week of 1882 and \$223,399 more than for the week of 1881. Hence, the merchandise movements of last week show a balance again t the port of \$1,048,166, against a debit

NEW YOUK, Feb. 4.

The speculation in United Pipe line certificates last week was considerably less active than during the week before. The total sales at the three Petroleum Evelopees were 14 seless at the three Petroleum The banks now hold in cash-specie and legal-

During the calendar week the Sub-Treasury rerally of the market to \$1.03% on Wednesday. That new gold certificates, making the total issue at figure was the best of the week; after it was touched, date \$61,980,000, and deposits of legal-tender note. \$10,884,040 to \$29,092,149-a decrease of \$34,324,374 in gold and an increase of \$18,208,109 in legal-tender silver. The changes in the amounts inconsiderable as not to be worth mentioning. But in view of the changes named, a call for \$15,000,000 bonds to be paid ninety days hence exhibits a boldness on the part of the Secretary that is Napoleonic. But Napoleon fought one too many battles.

Money ruled easy all the week at 31g@4 per cent, cent, for call loans on pledge of Stock Exchange collaterals. On Governments the rate generally was 3 per cent. First-class mercantile paper passed at about 512 per cent. The domestic exchanges at Chicago and St. Louis have been sufficiently against New-York to graw funds from here, and at New-Orleans they have worked less favorably than during the preceding week; the latest quotations for New-York checks at the places named are as follows: Savannah, par to 14 premium ; Charleston, par to \$\frac{1}{4}\$ premium; New-Orleans, par to 50 cents premium for commercial and \$2 premium for bank; St. Louis, 75 cents discount; Chicago, 80 cents dis-count, and Boston, 40 cents premium. The foreign exchanges ruled firmer all the week, though on the basis of \$4 8234 a \$4 83 and \$4 86 a \$4 86 4, respectively, for long and short sterling. The Bank of England's weekly statement showed

a further gain of £308,000 bullion, and the proportion of its reserve to its liabilities is 47 13-16. against 311s per cent a year ago. The statement of the Bank of France also shows a large specie gain for that institution-13,250,000 francs gold and 1,100,000 francs silver. The Imperial Bank of Germany made a gain of 7,060,000 marks in specie. The Bank of England now holds £22,116,000 gold, against £18,772,000 at this date last year, and the Bank of France now holds £38,704,000 gold, and £43,223,400 silver. against £29,182,700 and £45,879,600 respectively. British consols ranged from 102 to 102 3-16 during the week. At Paris a more confident turn pre- Number of miles 2 2,479 3,348

vailed in financial circles, and French 3 per cents closed the week at 79.40, against 78.10 a week

The situation in commercial and mercantile circles did not improve. Heavy storms all over the country and the delay in Congress in making final disposition of the tariff question aggravated a condition of affairs which at the best was not promising. Numerous failures were announced and some of them were of sufficient importance to attract more general attention than was given to them. All that, however, did not prevent a renewal of the speculation in grain and provisions. At Chicago, wheat gained 4@412 cents in the week; pork was nearly \$1 higher and lard advanced 6212 cents. The effect was unmistakably felt in the export trade, and little was done in the way of purchases for foreign account. The receipts of cotton at the ports con-

be expects for the week of 1882 and \$223,000 more than for the week of 1882. Hence, the more of the week of 1882 and 188
